

New Purchase Request

Date **Created By**
These two should be automatically registered by Playground
Type of Purchase

+ Create Purchase Request

It should be possible to select multiple quantity for that item

Item Name

Qty

I should be able to select Multiple medicines within one task but seperate tasks for seperate categories of purchases

It should be possible to select multiple items within that type

If item required is not in the drop down menu, the coach has to call the admin. Only admin can create a NEW ITEM and decide on Supplier & cost.

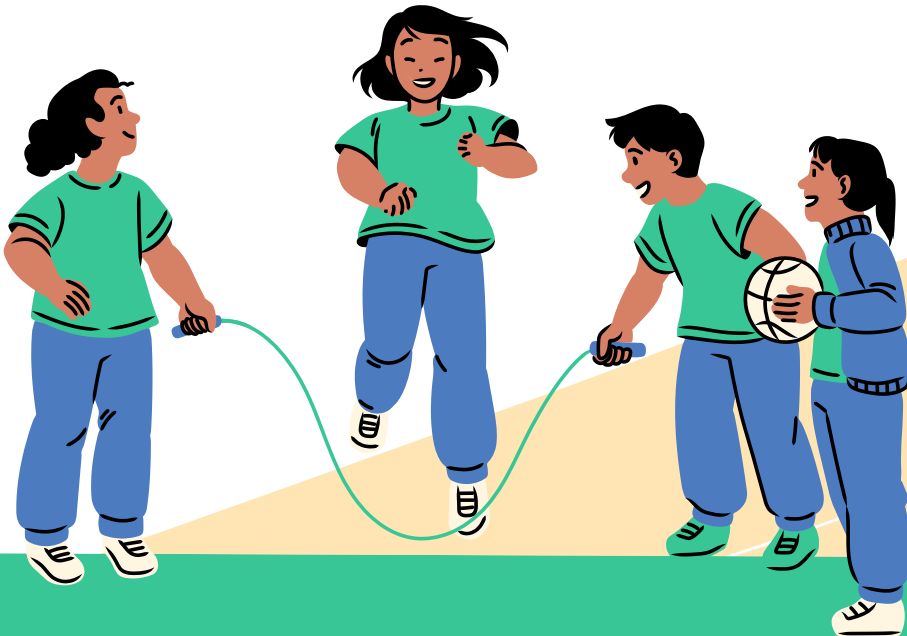

Balgruhas

Only assigned balgruhas or OPEN i.e General Use should appear
